

## Prevent Duty

---

Our Prevent Duty Training explores the essence of Fundamental British Values and their natural connection to your everyday work. You will learn about the core goals of Prevent Duty, gaining insight into its significance and the reasons behind why this may impact your work as a healthcare professional. Our experienced trainers will explore how to recognise vulnerability within your environment and how to identify individuals in need of support.

Analyse the tactics employed by certain individuals to sway others towards criminal activities, empowering yourself to recognize and counter such influences as well as how to recognise the signs of vulnerability and learn how to extend a helping hand when needed and learn where to find support, ensuring you're well-equipped to provide assistance where necessary.
