

Safeguarding Adults (for Managers)

Join our Safeguarding Adults (for Managers) course to explore essential aspects of safeguarding. Understand the crucial role of the Designated Safeguarding Lead (DSL) and relevant legislation and learn to identify abuse forms, associated crimes and restrictive practices with effective mitigation strategies.

Discover how Making Safeguarding Personal upholds individual rights, tackling risk factors proficiently and gain confidence in addressing abuse, recording incidents, and responding appropriately. Alongside this, our experienced trainers will guide you through navigating the enquiry process adeptly, supporting both individuals and staff.
